

Internet Safety Quiz

Is someone...

saying things that make you feel uncomfortable?

suggesting over and over that you do something that you don't want to do?

giving you unwanted attention that makes you feel singled out?

scaring you?

asking for or sending you "secret" pictures or messages of a sexual nature?

inviting you to meet up alone to give you drugs or alcohol?

not willing to take NO for an answer?

If you answer **YES** to some or all of these questions, you are at risk of being exploited on the Internet.
