

## NEW BRUNSWICK Directory of Services for Abusive Partners

This directory has been created by the Public Legal Education and Information Service of New Brunswick (PLEIS-NB) in collaboration with Crime Prevention and Policing Standards, Public Safety and the Women's Equality Branch, Executive Council Office. The purpose of this directory is to set out helpful prevention services for intimate partners who use abusive tactics, and find services to help them change their behaviour. The directory is available as an online resource only. We intend to update it regularly. This directory does not represent a full and complete list of services and programs. As well, programs and services may be added or eliminated over time. You should check with the services providers in your region to ask about other kinds of assistance that might be available for those who engage in intimate partner violence.

PLEIS-NB is a non-profit, charitable organization funded by Justice Canada, the New Brunswick Law Foundation and the Office of the Attorney General of New Brunswick. Development of this directory was funded in part through the Policy Centre for Victim Issues, Justice Canada. Many thanks to the individuals and organizations who have contributed to the development of this directory.
